

ILTCCABC Grant Quarterly Report to Ministry of Health Q2 April 1 – June 30 2026

Section 1: Grant Objectives 1, 4, 5. Please list significant Updates Related to Education, Resources, and Strengthening Partnerships Between Operators and Councils during the reporting period (if any). You may also list any regional successes over the reporting period (optional).

Grant Objectives:

1. Create and provide educational info to guide residents and family members about the role and purpose of resident and family councils and how to establish one
4. Be available as a resource for residents and families for information about the regulations, policy guidelines and other information about resident and family councils
5. Help strengthen partnerships between long-term care operators and resident and family councils.

Insert ILTCCABC Growth Chart:

* We are only reporting family councils or combined RFC at this time. Most family councils liaise with the resident council on agendas, minutes, projects and advocacy.

We have not tallied how many resident councils exist or are self-directed at all.
